Experience

- **Braintree products**   08/08/2022 - 02/08/2024
  Frontend developer

  As a Frontend Developer, i will be responsible for the implementation and maintenance of the user interface (UI) components of web applications. I will work with various frontend technologies, including HTML, CSS, JavaScript, and Shopify, to translate design concepts into interactive web pages.

  Responsibilities:

  Develop and maintain user-facing features of web applications using HTML, CSS, and JavaScript.
  Implement responsive designs that work well across different devices and screen sizes.
  Optimize web pages for maximum speed and scalability.
  Write clean, modular, and maintainable code that adheres to industry best practices.
  Collaborate with the UX/UI team to create intuitive and user-friendly interfaces.
  Optimize applications for maximum accessibility and ensure compliance with web standards and regulations.
  Document frontend development processes, guidelines, and best practices for future reference
